

# SALESIAN HIGH SCHOOL

ITALIAN III (Going into Italian III)  
cbastone@salesianhigh.org

School Year: 2020/2021

**Directions: Select ONE of the following summer projects. It is due sometime during the week of September 14th - exact date to follow when school opens.**

1. **Write a composition in Italian** of at least 100 words trying to use vocabulary from this year and the passato prossimo. It must be about you and what you did this summer. You may 'stretch' the truth, as always. In many ways, due to the pandemic, your summer might be very different than previous ones. You may discuss it as a comparison, if you like.

The assignment must be 2 typed pages and double-spaced. The word count is important!

2. **Create an Italian Album about a city** of your choice in Italy. It must include pictures and discussions about the city's schools, eateries (restaurants and the like), weather, famous events, and such. You may also mention why you selected this particular city over others. Is there a family connection, perhaps? Not all of these topics need be included, but effort will count!

When finished, it should look like a photo album. Three sources must be cited.
